Shipyard Trouble Ends in Deaths

REMAINS OF VICTIM OF JEALOUSY ARRIVE

The remains of Mrs. Cora Colby, sister of Mrs. Clara Wilson, who was killed by her husband in Oregon a few days ago arrived at the Smallwood undertaking parlors this morning.

The funeral will be held from the undertaking parlors tomorrow afternoon at 2 p. m. The services will be conducted by the Revs. Sanborne and Bassett. The interment will be in Sunset View cemetery.

It will be remembered that Mrs. Colby was shot by her husband while asleep, and he afterwards committed suicide. Jealousy is ascribed as the cause of the deed.

RICHMOND IS TO HAVE COMMUNITY COUNCIL

There is a plan on foot to organize a Community Council in Richmond. February 22 has been set as the date. If such a council is organized here every person in Richmond automatically becomes a member. Do you know what this membership means for you in the way of privileges and benefits? Do you understand what an important step it will be towards the better Richmond for which we are all working? The movement is a new one and nobody is very well posted on it, but the Public Library has just received two new books about it, written for the very purpose of posting people who do want to know just what a Community Council is and how they may help in getting one for their own town. These books, which are brief and quickly read, are a Community Center; what it is and how to organize it, by Henry E. Jackson and The Little Democracy by Ida Clark, and you may find them at the library every day between now and February 22.

NEW REPUBLIC OF IRELAND ADDRESSES NATIONS

DUBLIN, Jan. 22.—According to the provisional constitution of the Irish republic law before the "Dail Eireann," legislative powers are to be vested in deputies elected from existing parliamentary constituencies. The ministry will consist of a president and four executive officers—secretaries of finance, home affairs, foreign affairs and national defense. All revenues will be raised on the vote of the "Dail Eireann." The constitution may be altered upon seven days' notice. Count Plunkett, Professor Edward de Valera and Arthur Griffiths will probably be appointed Irish delegates to the peace conference today.

The address to free nations, read at the parliament yesterday, was in part as follows:

"The nation of Ireland, having her nation's independence calls in through her elected representatives in parliament assembled upon a free nation to support the Irish people by recognizing Ireland's national status and her right to vindication at the peace conference."

"Ireland's independence is demanded. By the freedom of the seas her great harbors will be opened to all nations. Instead of being a monopoly to England, today these harbors are empty and idle, solely because Ireland, irrevocably determined at the dawn of the promised era of self determination and liberty, that she will suffer from domination no longer, calls to every free nation to uphold her national claim to complete independence as an Irish republic against the arrogant pretensions of England, of which were founded on fraud and sustained by overwhelming military occupation. The demand to be confronted fully with England at the congress of nations, that the civilized world, having judged between English wrong and Irish right, may guarantee to Ireland its permanent support for the maintenance of national independence."

FLU SITUATION IS GETTING MUCH BETTER

The hospitals, the doctors and the druggists all report that the flu situation in the city is getting much better, and they are of one opinion that it is due to the wearing of the masks by every one.

Today the health office reported but 9 new cases.

It is the opinion of the City Health Officer Dr. C. R. Blake that it is better to play absolutely on the safe side and masks will have to be worn for about three weeks longer.

ATTENDED THE FUNERAL. City Superintendent of Schools W. T. Helms, attended the funeral yesterday of Deputy County Superintendent of Schools W. R. Lane.

FLOWER SEEDS

The Record-Herald still has on hand some choice government flower seeds for free distribution. They are yours for the asking.

SPARTACIDES CAUSE REIGN OF TERROR IN GERMANY

BERLIN, Jan. 22.—There was a renewal of rioting here last night. The Spartacides, armed with rifles and hand grenades attacked the Anhalter station. The fighting spread to Koenigsplatz, Dessauerstrasse, Wilhelmplatz, Alsterstrasse and Goebenstrasse.

At Bremen the laborites disarmed the soldiers and occupied the town hall, stock exchange, Reichsbank and telegraph and telephone office.

Two regiments of government troops have been ordered to march in Berlin and protect the government and aid the police.

AMSTERDAM, Jan. 22.—Although the Majority Socialists obtained an absolute majority in Berlin and the suburbs Sunday, according to a Berlin dispatch to the Handelsblad, they can not consider the results satisfactory as the bourgeois parties found more support than had been expected. The Lokal Anzeiger of Berlin estimates that the bourgeois parties up to Tuesday afternoon had gained as many seats as the two Socialist parties combined. One of the great surprises of the election was the success of the Socialists in East Prussia, where they were formerly detested by the voters. The Conservatives polled a heavy vote throughout the country.

RECOVERS HEALTH

Tom Webster who was hurt in an automobile accident December 19, and who has been in the Craven hospital since, returned to his home in the Pullman district today.

BODY SHIPPED

The remains of D. R. Pitner were shipped to Stockton today for interment.

CONVICTS ARE SURROUNDED BY OFFICERS

ROCK ISLAND, Ill., Jan. 22.—A sheriff's posse is believed to have surrounded twenty-one of the twenty-five desperate criminals who late last night escaped from the Rock Island prison and fleeing in three automobiles, sought refuge in a woods near here.

All of the escaped prisoners are said to be armed with revolvers and shotguns and a desperate fight is expected.

Four of the escaped men, who include several safe blowers, murderers, holdup men and robbers were captured an hour after their escape.

ARREST MAY CLEAR MYSTERY

STOCKTON, Jan. 22.—In Harry Holst, mechanic and caterpillar band, drum major the police feel quite sure they have the man who murdered Mrs. Alice Kroyer, former wife of John M. Kroyer, millionaire tractor magnate in this city on the night of December 14.

Holst has made a partial confession, admitting that he was on the murder scene on the night in question. He asserts that he remembers having a stick or a gasp about two feet long in his hand but denies any knowledge of striking the blow that felled the woman. He remembers running away, he says and returning a few minutes later to help load Mrs. Kroyer's body into a milk wagon to rush her to the emergency hospital.

As to the actual deed of commission, Holst, says "my mind is very hazy; I can't remember I'm sick; I need medical care."

Holst started the city a few days ago by confessing to a string of thirty burglaries.

TRUCK DRIVER IN TOILS OF LAW

C. W. Van Ness a truck driver, formerly employed by H. L. Davis of Oakland was arrested yesterday five miles north of Bay Point and taken to Martinez, where he is held for the Oakland police, charged with grand larceny.

Van Ness according to the Oakland police took Davis' truck at Christmas to the warehouse of the American Transfer and Storage Company at Thirty-first and Market streets and secured a truck, filled with silverware, linens, silk and lace, valued at \$500 and a graphophone and lot of records all valued at \$200, belonging to Mrs. Davis.

The case was reported to the police about a week ago. The man was located and his arrest effected by Sheriff Veale on description furnished by the Oakland police. He was working on a dredger five miles north of Bay Point.

LABORERS' PROTECTIVE LEAGUE

Notification has been received at local labor headquarters of the formation of a Laborers' Protective League at Bay Point, with the following named as officers: President, Joe Ewing; vice president, J. P. Hawkins; treasurer, William Kane; secretary, J. R. Bolen. The charter roster carries sixty-five names mostly residents of Martinez, and vicinity. The entire membership in accord with craft avocation, will be taken into either the Carpenters', Painters' or Laborers' Union of Contra Costa county on the evening of January 24. A delegation of East-bay labor leaders will attend the initiation ceremonies.

FUNERAL OF JOHN HARR HELD AT ST. MARKS

The funeral of John Harr, brother of Mrs. John N. Hartnett was held this morning from St. Mark's church. The interment was in Sunset View cemetery.

Harr had been a resident of Richmond for many years, was aged 36 and has been in the employ of the Standard Oil Company as chauffeur.

LOU SCHRADER BETTER

Reports from the bedside of Lou Schrader this morning are to the effect that he is feeling much better. His many friends hope to see his smiling face on the streets again in a few days.

BODY AT MORGUE NOT CLAIMED SO FAR

On the body of the dead man found at the St. James hotel a few days ago were tattoo marks on the left arm of a cross and underneath the letters "I. H. S." There is also an eagle and a star tattooed on the right arm. The coroner and the police are attempting to identify the body, but so far have been unsuccessful. The inquest over the remains will be held this evening.

WILL REDUCE INITIATION FEE

Last evening the Eagles appointed H. D. Mason, E. Weiss and W. McChristian as a committee to draw up a resolution which will reduce the initiation fees from \$10 to \$5.

BIG PROBLEMS FACE MEN AT CONFERENCE OF PEACE

PARIS, Jan. 22.—The supreme council of the peace conference this morning considered the Polish question and decided to send a mission to Poland. This announcement was made in the official statement of the proceedings of the conference. A proposal from President Wilson regarding the Russian question will be discussed this afternoon, the statement added.

PARIS, Jan. 22.—President Wilson and David Lloyd George, the British premier are in complete agreement as regards the Russian situation, according to the Paris edition of the London Daily Mail. They regard a settlement of the Russian question as absolutely necessary preliminary to the formation of a league of nations, the newspaper declares and they are anxious to secure the evidence of accredited Bolshevik representatives as to the status of Russian affairs. "French opinion," continues the newspaper, "is not at present in favor of even this admission of the Bolshevik regime."

NEW COMPLAINT AGAINST THE PASTOR

Rev. Jeremiah C. Bolster, former pastor of the Congregational church of Antioch, recently brought from Los Angeles with two convicts whom he converted on the trip up the coast, today is facing a new charge which has been booked against his name. In securing the confessions of Paul Ivey and Paul Sokol the ex-preacher did not include his own the police of San Francisco say. Yesterday Inspectors Kyle and Gailor of Oakland learned that Bolster had secured an automobile from a San Francisco firm and turned it over to Osen-Hunter, 191 Twelfth street, as part payment on a new car. He declared it to be fully paid for, the police say and told the firm he was J. C. Bowles of Oakland. The San Francisco firm will not prosecute but the Oakland concern is determined to press the charge. Judge Samuels fixed the date of Bolster's preliminary examination for January 22 and announced his bail as \$3000. Many of Bolster's former parishioners called to offer consolation.

ONE SAYS "YES"—OTHER "NO."

The federal government has notified the government of many new changes in rates that must be made, and now comes the railroad commission, and says the telephone company cannot do it, and the corporation is certainly up a tree, and poor George Calvert, the local manager does not know where he is at.

WANT TO CUT GRAND JURY

A bill has been introduced in the legislature to cut the number on the grand jury down from nineteen to ten. It would be a better proposition if the bill provided for the entire abolition of the jury, as time has proved that it is a useless body.

BULLETS FLY AND DEATH FOLLOWS IN BIG RIOT

SAN FRANCISCO, Jan. 22.—Three men were killed and five wounded in a battle between a soldier guard and strikers at the South San Francisco plant of the Shaw-Batcher shipbuilding yards today. The fighting started over efforts of several hundred riveters who went on strike yesterday to bring out all of the other workmen in the plant this morning. They were met at the plant gate by a timekeeper when they arrived this morning and told to return to work or "beat it."

The men became defiant, and the timekeeper summoned the soldier guard which has been maintained at the plant by the United States Shipping Board. Before they arrived the men pursued the timekeeper into the plant warehouse. When the soldiers arrived they are said to have commenced firing with rifles. The shots were returned by the strikers, many of whom were armed with revolvers.

Those reported killed are: William Carlisle, a driller; William Knox, a plant policeman; William MacDonald, a drillers' helper. Among the five men reported hurt is Jeremiah Cronin, 502 Brazil Avenue.

CALAHAN MEMBER OF IMPORTANT COMMITTEES

Will E. Calahan, of Antioch, the assemblyman from this county holds a very important position in the legislature, as he has been honored by being placed on some of the most important committees. He is chairman of public utilities, which is the committee that handles all large corporation measures and works in conjunction with the railroad commission; revenue and tax committee; roads and highways; oil industries; drainage and overflow, and last, ways and means, a committee which controls the financial budget of the State, so you can readily see that every one of the committees that he is on, are committees that will demand a great deal of attention.

NEW QUARRY

Work of preparing the ground and installing the necessary machinery for the new big rock quarry on Brooks' Island is being rushed, and it is expected that the plant will be in operation in a short time.

DUCK SEASON

The duck season closes Friday evening, January 31 at sundown. Duck shooting is not what it used to be in this section, but still some of the hunters did very well.

1919 JURY LIST

The jury lists for 1919 in civil and criminal cases were drawn by the board of supervisors this week. The names are now being arranged by the county clerk.

MRS. ROOSEVELT'S PENSION

CONGRESS is voting a pension of \$5,000 a year to Mrs. Roosevelt. There is no suggestion that she needs it particularly; but it is a graceful thing to do, and the precedent was established when congress conferred a pension on Mrs. Grover Cleveland after her husband's death.

The only criticism to which such a pension is subject is that it is so little. For the dignity of the country, one would expect congress to make it bigger. And the incident serves to call attention again to the desirability of establishing some definite annuity to be paid, not merely to an ex-president's widow but to every ex-president from the time he leaves the executive office. The president's salary, is large though it may seem in comparison with an average income is small measured by the work and responsibility of office and the compensation received for executive work in business positions incomparably less arduous.

MORE EDUCATION.

The Retail Dry Goods Association of New York City is about to establish a training school in connection with New York University, where there will be a normal course for preparing teachers to train salespeople.

Many great department stores maintain their own sales schools where their employees are taught the principles of skilled and courteous service, but the great majority of stores have overlooked the benefits accruing to both buyer and seller where the sales force is trained thus. The establishment of a school for this very purpose in connection with a great university is a long step forward.

The woman who told her friends that she always patronized a certain milliner because she was the only saleswoman in that city to whom she dared confess that she could not afford a particular hat is typical of a great and suffering majority.

When this school for training salespeople is well established, the next step toward universal peace will be a school for shoppers where they in turn may learn the habits of courtesy, prompt decision and consideration. Secretary Lane is right—what we need is education.

DEMOCRACY IN RHODE ISLAND.

The Rhode Island legislature is considering the abolition of the property qualification for voting. Most Americans are surprised to learn that any discrimination of this sort exists in the United States. Many Americans are not aware that there was ever any such discrimination.

As a matter of fact, property qualifications used to be the rule rather than the exception. The newer states know little about them, but the original states nearly all had them. In the course of Democratic evolution they have been gradually eliminated in all but the smallest and most conservative mem-

ber of the union. There a citizen must still be able to show that he possesses \$134 worth of property if he wants to vote in municipal elections or participate in town meetings.

This provision seems particularly intolerable when applied to soldiers coming home from the war. Surely it is argued, those men have a right to full citizenship privileges if anybody has, particularly if their apparent poverty is due to the fact that the government owes them several months' salary. Having fought and won a war for world democracy, they may be pardoned for thinking that they themselves have a right to enjoy that universal manhood suffrage which is generally regarded as a fundamental of democracy.

USING SCHOOLS AND CHURCHES

A certain church in the downtown district of a big city now opens its doors every day at the noon hour to working girls employed in the neighborhood. All these young women, bring their own luncheons to the church. There they are served hot coffee paid for by a small fund raised among the girls themselves. It is a quiet, restful place to go. They enjoy the opportunity of meeting each other under these simple and easy conditions.

There is often a little music, always plenty of conversation and an opportunity to rest or occupy themselves in any way that they wish. Once a week a speaker or gives a short, simple talk.

The girls who avail themselves of this opportunity come from many groups, Catholic, Protestant, Jewish and all seem to enjoy the talk and the regular social hour equally well.

In another and much smaller city the mayor recently arranged to have the high school buildings opened Sunday afternoons for community sings until the return of warm weather permits such gatherings out of doors. The community sing has won its way to the hearts of all Americans. It is as popular in the country town as in the city. In both communities it develops a truer Americanism by bringing together all the various elements of the local population.

Both these cases are indicative of one fine tendency of the time. Churches and schools have always filled important places in the public life and development. Today, however, it is recognized that they cannot fulfill their highest duty to the community by closing their doors to every activity save their own specialized ones of education and worship. The canteen clubs, Y. M. C. A. huts and community houses of war days have shown the way to new and fuller social service that is bound to last. The schools and churches will profit by the new life as well as the community.

KEEP THE SAVINGS STAMPS

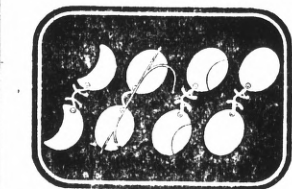

Much has been said about the duty and desirability of holding onto Liberty Bonds. Little has been said about holding onto War Savings Stamps. One is no less important than the other. Indeed, the stamps may in time become more important than the bonds, for with the big war emergency bills once taken care of the government may stop its bond issues and depend entirely

on the steady issuance and sale of these "baby bonds." Lately the public has been cashing the stamps in enormous quantities. In some cities the amount paid out by the postoffice in the course of a day or week has been more than that taken in. Thousands of people, all at once, seem to have decided they needed their money.

It is an extremely bad practice to turn in one's accumulation of thrift and savings stamps, except for genuine emergencies—bad for the holder and bad for the country. The fact that the war is over or practically so, is no excuse for the government needs the money as much as ever.

Maybe if Wilson loosened up and blew kisses to congress, as he did to those crowds in Italy, it would help some.

BIG ATTRACTION AT THE RICHMOND THEATRE

Many of the most beautiful and historic places along the coast of Southern California are shown in "The Man Who Wouldn't Tell," the Vitagraph Blue Ribbon Feature, which will be the attraction in the Richmond Theatre today. Earle Williams, who is the featured player, is a native of California, and knows the State like a book and he and James Young the director, knew just where to go, with the result that the picture is a masterpiece from a photographic standpoint.

One scene of exquisite beauty shows the Country Club grounds at Del Monte. The society folks there, when they learned Vitagraph was to locate there a week, were out in force to help along the director and, incidentally to display before the camera their lovely gowns. There is a spirited polo game on the Del Monte links between society teams. In which Mr. Williams is shown as one of the captains and his thousands of screen admirers will note he is as finished a polo player as he is actor.

"The Man Who Wouldn't Tell" presents Mr. Williams in his favorite role, that of a detective. Only he is a British secret service agent here in the United States uncovering German plots. He is a Victoria Cross man, but is forced to hide his identity and bear the scorn even of the girl he loves because he is not fighting. The picture is filled with mystery, thrills and most fascinating love interest.

DEATH AT THE POINT
Mrs. Elma Luella Wasley died at her home at 217 Washington avenue yesterday of influenza. Deceased was about twenty-two years old.

MEN SOUGHT FOR DEPARTMENTS IN NAVY

In an effort to keep the personnel of the navy at or near its present strength, enlistments bars have been let down in the electrical, mechanical and hospital departments. The electrical school, which has been closed to civilians for some months, has again been opened and enlistments authorized. A new electrical school has been opened at the naval operating base, Hampton Roads, Va., and men enlisting in this service will be sent there for training.

ALL PHONOGRAPHS IN ONE

Brings All Artists Because It Plays All Records

So ALL artists---ALL instrumental soloists---ALL bands---ALL popular songs of the day---ALL dance music---ALL the world of music at your command without restriction--when you play The Brunswick.

At a turn of the hand you adapt the ULTONA to any type of record. A child can do it. It is practically automatic.

Now your library records can be bought according to your favorites. For instance, each record maker has a famous tenor. On a one-record instrument you are confined to one. Others are barred. And who likes to be restricted? Who wants to be confined to buying from only one catalog, when there are several from which to choose?

The ULTONA is the greatest feature offered any music lover. And it is obtainable solely on the new Brunswick.

Another vast improvement in tone projection comes in the all-wood Tone Amplifier, built like a violin. All metal construction is avoided, thus breaking away from the usual custom.

AMERICAN BOYS HONORED IN ROME

STOCKHOLM, Jan. 22.—Fifteen hundred peasants have been slain by the Bolsheviks in the provinces south of Moscow and a serious uprising is in progress. Scores of villages have been burned. Moscow is practically surrounded by the rebels who are gaining recruits, especially in the Tula, Koslov, and Ryazan. A former schoolmaster is leading the rebels.

In Tula the peasants are awaiting reinforcements from the south and threaten to march on Moscow. They are defending a fortified line along the Oka river, Serpukhov and Kolomna.

Red Guards are trying to suppress the killing of women and children.

AGAINST MARKET COMMISSIONER

Characterizing the administration of State Market Commissioner Harris Weinstein as a "miserable farce" and charging that the interests of consumers never have been represented, either in Weinstein's office or in the administration of Ralph P. Merritt, federal food administrator for California, the Bay Cities Food Cost Commission, made up of officially appointed representatives of five bay cities, yesterday afternoon called upon the State Legislature to take immediate steps which would provide protection to consumers against food price gougers.

In resolutions passed by the committee, the State Legislature was called upon to do the following things:

BASEBALL SUNDAY

There will be a big baseball game next Sunday at Crockett, between the Columbia Steel of Pittsburgh, and the Crockett team.

KEVILLE RETURNS HOME

Thomas Keville who has been on the Mexican border with the American troops has returned home and will take up his old position at the Pullman works.

AFTER SIX YEARS

Richmond Testimony Remains Unshaken

Time is the best test of truth. Here is a Richmond story that has stood the test of time. It is a story with a point which will come straight home to many of us.

Mrs. Jas. Wright 1119 Roosevelt Avenue, says: "I had heard Doan's Kidney Pills highly spoken of in England and when I had trouble with my back and kidneys, I got some at the Richmond Pharmacy. Besides the annoyance from backache, I often felt dizzy, was tired all the time, lacked strength and ambition and my kidneys were disordered. Doan's Kidney Pills removed all the distressing symptoms and I soon felt better in every way. I later had an attack of rheumatic pains in my feet and ankles and they were swollen. I again used Doan's Kidney Pills and they removed the uric acid from my system, benefiting me in every way." (Statement given January 20, 1910.)

Lasting Benefit.

On May 31, 1916, Mrs. Wright said: "The benefit I mentioned in my former recommendation has been permanent. Doan's Kidney Pills are certainly fine."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Wright had. Foster-McLure Co., Mfrs., Buffalo, N. Y.

IT'S WONDERFUL SAYS J. A. GREER

San Francisco Man Gains Twenty Two Pounds By Taking Tanlac

"I have already gained twenty-two pounds since I began taking Tanlac and my old time strength and energy has come back to me," said J. A. Greer of 417 1/2 Lyon Street, San Francisco, recently. Mr. Greer, who is a valued employee of the Universal Electric & Gas Company, has been a resident of San Francisco for more than forty years and is highly respected by all who know him.

"I haven't gotten all my lost weight back yet," he continued, "for I had dropped off forty-seven pounds on account of bad health, but I am still picking up and expect soon to tip the beam at my old weight, which is two hundred pounds or better. My troubles began years ago, with catarrh of the head, and I evidently swallowed the mucus that accumulated in my throat during my sleep at night as I would get up in the morning feeling nauseated and would cough and gag for hours, trying to rid myself of this mucus. Finally about two and a half years ago, my stomach began bothering me, which started by gas forming on my stomach and a burning sensation all the way up to my throat. I soon got so where I could hardly eat anything without bloating terribly and suffering intense pain in the pit of my stomach. I not only had pains after eating, but would become dreadfully nauseated and finally I just had to give up meats and everything else except milk and the very best of foods. I was also badly constipated and my back just over my kidneys hurt me a great deal and my condition kept getting worse."

"I now believe that it was catarrh that caused my stomach troubles and gave me that nauseated feeling all the time, for since I have been taking Tanlac I haven't suffered that way at all. My head and throat are not bothered up like they were and I don't cough and gag now at all. And my very first bottle of Tanlac relieved me of the gas bloating and pains and in almost no time I was eating just about anything I wanted. I have meats every day now—in fact, nothing is barred from my bill of fare—and you may know my food agrees with me or I would not be picking up so rapidly in weight. My stomach seems to digest just anything and I am making up for lost time by eating three rousing meals a day. I never notice the catarrhal trouble any more, have also been relieved of constipation and every night is a good one for me, as I sleep like a log. Tanlac is wonderful, there's no getting around that fact, and I am only too glad to recommend it to everybody."

Tanlac is sold in Richmond by F. E. LaMoine; in Antioch by H. J. Shuman; in Crockett; by J. C. Lett; in Pittsburg by Regal Pharmacy; in Antioch; by Shuman Drug Store, and in Pinole by E. K. and H. Dunlap.
